

## Wireless Keyboard LX850

### Excellent set with high-precision laser mouse

Issue March 2008

Pages 2

The Wireless Keyboard LX850 is an excellent desktop solution for all ambitious users. This excellent keyboard set with reliable 2.4 GHz technology offers ambitious users more functions and better properties than a conventional interface device.

The keyboard comes in an attractive black-silver coloured design. Additional multifunction buttons provide fast access e.g. to email, internet and volume functions. Furthermore the soft touch keys and the very thin dimension make working very comfortable and convenient. Enjoy working with high-precision navigation: the wireless laser mouse offers 6 mouse buttons for free assignment to meet your personal requirements. Your mouse will always be powered thanks to the USB charger station for a second set of NiMH batteries. Connect your notebook or PC easily by plugging the USB receiver with NUM LOCK and CAPS LOCK LEDs. Have a tower under the desk? In this case use the USB port integrated in the USB charger to get connected.

This combination of design and functionality is the optimum keyboard for lifestyle orientated customers, who want only the best for their desk.

#### Usability

- Connects easily to every notebook PC with standard USB interface – no driver necessary
- Reliable wireless 2.4 GHz technology for home and office use
- More comfort keyboard with additional function buttons for fast application access
- Laser Mouse with 10 buttons:
  - 6 buttons are assignable
  - 2 buttons: Scroll four ways for greater efficiency and comfort with Tilt Wheel Technology
  - 2 buttons for boost function from 800 dpi to 1200 dpi
- USB charger for rechargeable batteries of the mouse

#### Ergonomics

- Elegant and extraordinary design
- Stress free and effective use through high contrast keys and ergonomic key design
- Soft touch keys in patented slim key-technology

#### Reliability

- High quality and function stability
  - Highest quality combined with very good price/performance ratio
  - Abrasion-proof keys through laser technology
- No interference through 2.4 GHz technology: unlimited number of users working with this set in a room

Technical specifications	
<b>Interface</b>	USB
<b>Technical specification</b>	
<b>Technology</b>	2.4 GHz, 12 channel 16 bit, 65.000 IDs
<b>Keyboard</b>	104/105-key RF keyboard 10 add. function keys 2 x AAA battery compartment max. 10 m range
<b>Mouse</b>	Laser RF mouse 800 dpi and 1200 dpi 10 buttons, 6 are programmable 2 x AA NiMH battery compartment max. 10 m range
<b>Receiver</b>	USB stick receiver USB powered NUM and CAPS lock LED indicator max. 10 m range
<b>Charger</b>	USB powered With USB connection for stick receiver 2 x AA NiMH battery compartment USB cable 1.5 m incl. USB plug

Electrical values / Power consumption	
<b>Keyboard</b>	2 AAA batteries, max.3.3V, 2 mA
<b>Mouse</b>	2 AA NiMH batteries, max. 3.3V, Max. 10 mA
<b>Receiver</b>	USB powered, max. 5 V, Max. 30 mA
<b>Charger</b>	USB powered, max. 5V, Max. 30mA

Temperatures / dimensions / weight	
Temperature (IEC721)	0°C to 40°C
Dimensions (H x W x D)	80 x 508 x 220 mm (package)
Height adjustment	1.5° and 5.5°

<b>Weight package</b>	1300 g
-----------------------	--------

Standards adhered to	
Interference/Immunity	CE certification according to EC Directive 89/336/EEC EN 55022 EN 55024 EN 61000-3-2 EN 61000-3-3

Compliance with standards	
Product safety	EN 60950-1 : 2001 + A11 : 2004 + Corrigendum 2004 EN 300 220-3 EN 301 489-3 EN 50371 IEC 60825-1

System requirements	
Operating system	Microsoft Windows Microsoft Windows XP Microsoft Windows Vista
Interface	Free USB 1.1 or 2.0 port
<b>Product package</b>	
Content:	Wireless Keyboard Wireless Mouse USB Stick Receiver USB Charger 4 x AA NiMH rechargeable batteries 2 x AAA batteries Software CD for additional mouse function Manual Safety and recycling instructions
<b>Order Code</b>
